## SITUATION SUMMARY

### Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Normal Operations	Normal Operations	Normal Operations	Normal Operations

#### Cal OES INLAND REGION

- Nothing significant to report.

#### Cal OES COASTAL REGION

- Nothing significant to report.

#### Cal OES SOUTHERN REGION

#### Hopper Railcar Derailment, Santa Fe Springs, Los Angeles County, SPILL: 19-3855

On 06/16/19 at 1409 hours, the California State Warning Center (CSWC) received a report from Union Pacific Railroad (UPRR) advising three hopper railcars of UPRR train #LOA44, of the 16<sup>th</sup>, derailed in the upright position.

- The cause of the derailment was due to human error.
- Two of the derailed cars were carrying plastic pellets and the third car was empty.
- No main rail lines were impacted by this event and no road crossings impacted.
- A UPRR supervisor is on-scene and investigation is underway.
- No fires or injuries took place and no hazardous materials released.
- The train has remained in place and rerailment will take place on the morning of 06/17/19.
- Notifications were made per SOP.

# CALIFORNIA 911 SYSTEM

CA 911 Outages		
Northern California	Central California	Southern California
No 911 Outages	No 911 Outages	No 911 Outages

## 9-1-1 Outages/Remote/Community Isolations

- None reported.

## Service Interruptions

- None reported.

# **WEATHER OF CONCERN**

## **NORTHERN CALIFORNIA**

- Slight chance of thunderstorms late this afternoon into this evening for northwest California.
- Small Stream Flood Advisory for snowmelt in Mono County
  - With increased temperatures persisting, rapid snowmelt will lead to significant rises on rivers, creeks and streams across the Eastern Sierra.
  - This high water is likely to last through at least 06/20/19.

## **SOUTHERN CALIFORNIA**

- A weak weather disturbance will bring increased chances for shower and thunderstorm activity to the Sierra region through Monday.
  - Generally dry conditions are expected elsewhere.
  - The entire area will dry out by early next week with typical warm June temperatures expected.
- Typical "June Gloom" will continue into Father's Day with night time clouds covering all of the coasts, valleys, and coastal slopes.
- During the day the clouds will slowly retreat to the beaches and some will clear by afternoon.
- Temperatures will be similar to Saturday's.

### **Weather Advisories, Watches, and Warnings currently active in California:**

- <http://www.wrh.noaa.gov/hazardSummary/?state=ca>

### **Active Weather Warnings, Watches and Advisories by County:**

- <http://www.wrh.noaa.gov/hazardSummary/?state=ca&bycounty=1>

# **WEATHER KEY POINTS**

**06/16/19 - 06/22/19**

## **Sunday**

- Creeks, streams and rivers are experiencing higher water flows due to recent snowmelt
- Isolated thunderstorms are possible, primarily along the Sierra
- Gusty winds are expected again for the mountains and deserts of extreme southern areas of Inland Region, and portions of Southern Region
  - Winds will slightly elevate fire concerns in these areas
- Warming trend begins today, especially across northern portions of the Central Valley
- Cooler than normal conditions continue today along the central and southern coasts, due to onshore flow

## **Monday-Saturday**

- Moderate to High heat risk is expected to re-develop early this week
  - Especially for the Central Valley Mon-Wed
  - The hottest day of the week still appears to be Tuesday
- Many rivers will still be running high and fast through the week
- Isolated thunderstorms will continue to be possible Monday, especially in the Sierra, followed by dry conditions through the week
- Gusty wind potential returns across inland portions of Southern Region late in the week

# EXPERIMENTAL HEAT RISK FORECAST

Monday, June 17

Tuesday, June 18

Wednesday, June 19

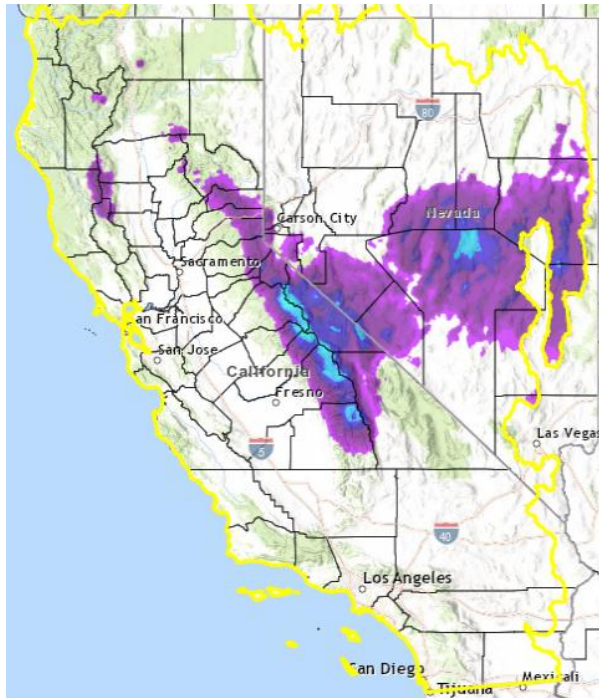

Category	Level	Meaning
Green	0	No Elevated Risk
Yellow	1	Low Risk for those extremely sensitive to heat, especially those without effective cooling and/or adequate hydration
Orange	2	Moderate Risk for those who are sensitive to heat, especially those without effective cooling and/or adequate hydration

Category	Level	Meaning
Red	3	High Risk for much of the population, especially those who are heat sensitive and those without effective cooling and/or adequate hydration
Magenta	4	Very High Risk for entire population due to long duration heat, with little to no relief overnight

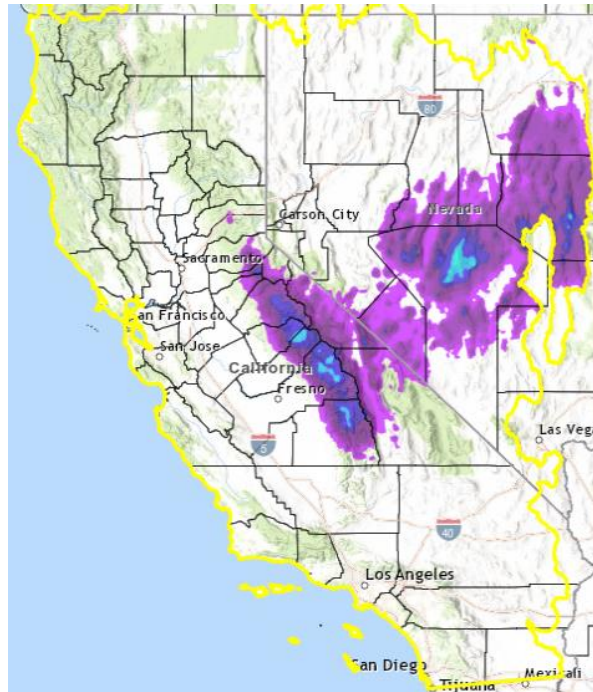

# PRECIPITATION FORECAST

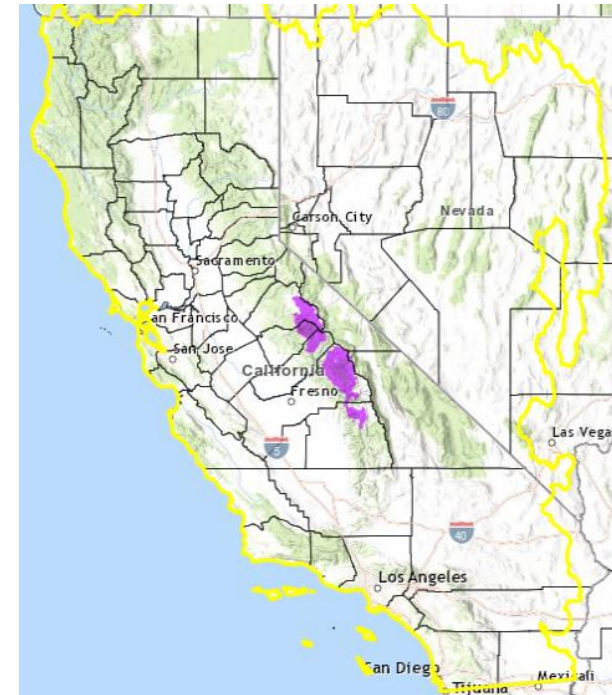

06/16/19 - 06/18/19

Sunday, June 16

Monday, June 17

Tuesday, June 18

Precipitation (inches)

Isolated thunderstorms each day through Monday, mainly along the Sierra. Dry conditions expected into mid-week

# **WEATHER OUTLOOK**

**06/21/19 - 06/29/19**

## **6-10 Day Outlook (June 21 - June 25)**

### **Temperatures**

- Above normal temperatures slightly favored near the central and northern coasts, with a slight leaning toward cooler than normal temperatures for southern CA and along the Sierra Crest

### **Precipitation**

- Equal chance of above or below normal precipitation across much of the state

## **8-14 Day Outlook (June 23 - June 29)**

### **Temperatures**

- A slight tilt of the odds toward below normal temperatures during this period

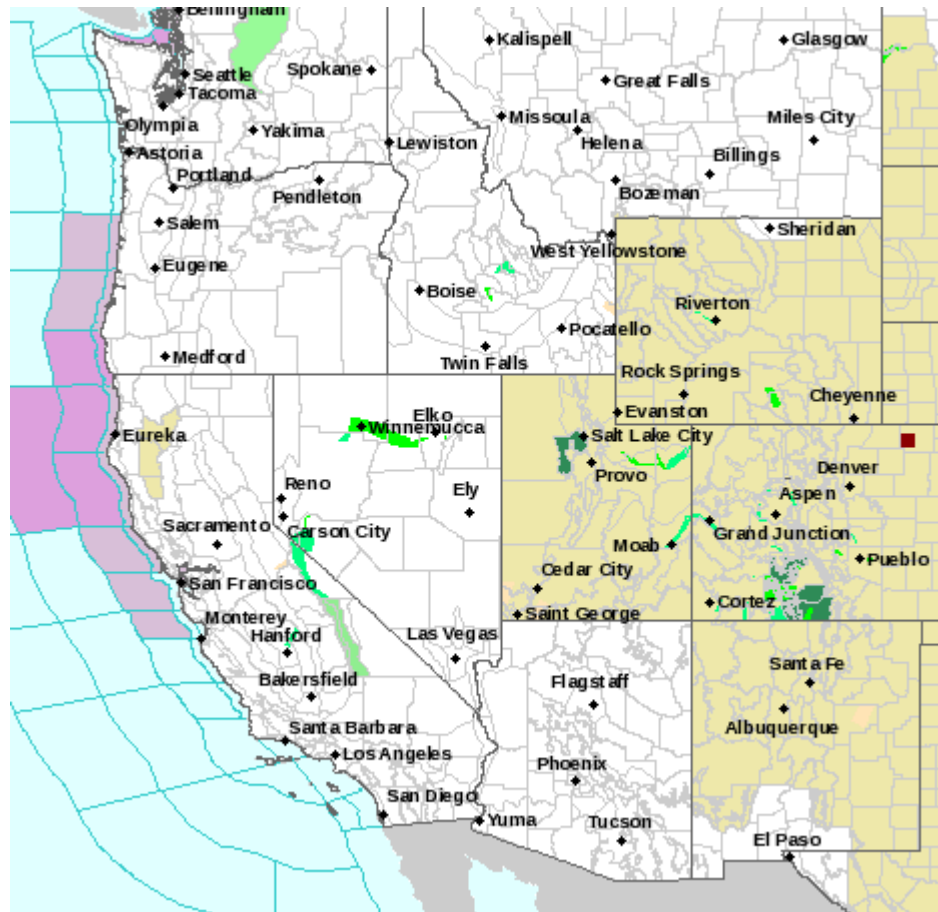

### **Precipitation**

- Equal chance of above or below normal precipitation across much of the state

GOVERNOR'S OFFICE  
OF EMERGENCY SERVICES

# Cal OES LAW ENFORCEMENT MISSIONS

## Cal OES Law Missions

- **2019-LAW-2380, 06/15/19, 2201 hours:** Inyo County Sheriff's Office requested mutual aid ground searchers to assist them with a missing person search at Mt. Whitney. The missing person is a 41 year old male whose rental car was found at the trail head on 06/15/19. Requesting as many Type 1 ground searchers from China Lake Mountain Rescue - Kern County, as they are familiar with Mt. Whitney and are relatively close. CLMR accepted the mutual aid request and committed available personnel who will meet at the Lone Pine Airport on 06/16/19 at 0800 hours and work with Inyo County Sheriff's Office searchers. **MISSION ONGOING**
- **2019-LAW-2372, 06/15/19, 1751 hours:** AFRCC notified the CSWC of a PLB activation plotting at 37.111212 / 118.491190 near Temple Crag in Shasta County. No contact made with R/O per AFRCC. LDO contacted Shasta County Sheriff's Office (SCSO) regarding the PLB accepting the mission. **Update: 06/15/19, 2116 hours:** SCSO advised a male hiker was able to get to a ledge and secure cell service. He advised SCSO that a 29 year old female hiker sustained moderate injuries during a fall. Both hikers are experienced and have "stabilized" themselves. Shasta is working with CHP Air Ops to take searchers/rescuers to the location at first light on 06/16/19 providing flight conditions support a safe flight and rescue operation. **MISSION ONGOING**
- **2019-LAW-2320, 06/14/19, 1829 hours:** Siskiyou S/O requesting 3 HRD canines for a missing person search that is five months old. The Cal OES Canine Coordinator secured 3 HRD canines as requested. HRD Canine Teams will be meeting at the McCloud Chevron, McCloud on Sunday 06/16/19 at 0600 hours. **MISSION ONGOING**
- **2019-LAW-2216, 06/12/19, 2000 hours:** Santa Barbara Sheriff's Office (SBSO) requesting 2 trailing dogs and 4 cadaver for a search in the Santa Maria area. The teams will be searching for a 68 year old male missing since he left for a hike on 06/10/19. **Update: 06/15/19, 2022 hours:** ANG LNO on scene regarding RC-26. IC released ANG assets. LDO made aware and JOC notified by LDO. Missing person not located during extensive ground search. Coordination with SBSO planning assessment for future search needs. 06/15/19 Cal OES MIGU-1 demobed and returned to quarters. **MISSION ONGOING**
- **2019-LAW-2183, 06/11/19, 1230 hours:** Yosemite National Park requested underwater side scan sonar equipment to locate a subject believed to have drowned in the Hetch Hetchy Reservoir. The adult male fell into Rancheria Creek just upstream from the reservoir on 06/06/19 and has not been located. Merced County Sheriff and Tulare County Sheriff both have the needed equipment, and are checking availability for a mission later this week. **Update: 06/13/19, 1904 hours:** Spoke to Yosemite NPS IC who has to coordinate approval with the City of San Francisco before any vessel can enter the water at Hetch Hetchy Reservoir. No expected date for required vessels to enter the water, possibly Monday, 06/17/19 if approval can be secured. Tuolumne Sheriff is aware of this situation per the IC and is on standby. **Update: 06/14/19, 1910 hours:** Yosemite National Park is still waiting for clearance from the City of San Francisco before any vessel related to the search can enter Hetch Hetchy Reservoir. There is no ETA on approval. **Update: 06/15/19, 1351 hours:** No change. **MISSION ONGOING**

# Cal OES MISSION TASKING

## Cal OES Missions

- **2019-LAW-0658:** Cal OES Tactical Communications Assistant Chief and MAR 2 CRU staff deployed with COMM 25 to Pebble Beach for support with CAL FIRE and CHP for the US Open. This will be a weeklong deployment from 06/09/19 ending the following Sunday evening 06/16/19. Mission support completed at 2000 hours, 06/16/19.
- **2019-Inland-2135:** Air monitor requested to monitor air quality in Yolo County due to the Sand Fire (On Scene)
